Welcome to StudyHub
StudyHub is your simple portal for learning resources — articles, videos, and useful external links, all organized in one place to help you learn Django faster and stay on track.
Browse Resources
What You Can Do Here
1
Browse a curated list of learning resources such as articles, videos, and external links.
2
Open a detail page for any resource to read more about it.
3
Save resources you like to your Favorites list for later.
4
Switch between Light and Dark themes based on your preference.
5
Share feedback about the site through a simple contact form.
